### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to anticipate or make obvious the feature of the telecommunications service being provided to the customer subscriber lines via the metallic or optical test bus used originally for testing the electrical or optical characteristic, respectively, of the customer subscriber lines. Kellock et al. (WO 99/66700) teaches a similar device in which it is the test relays to the test bus that is used to provide telecommunications service (Figure 6) to the customer subscriber lines, the test bus being disconnected and replaced with a switch matrix bus via the test relays.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
